Vaccination requirements

All on-campus NFA students must be fully vaccinated. This mitigation measure will help us to provide a safe learning and working environment for all students, instructors and staff on the NETC campus.

What does fully vaccinated mean?

You are considered fully vaccinated if it has been 2 weeks or more since you received the second Pfizer or Moderna dose or the single-dose Johnson & Johnson vaccine.

On arrival at NETC, students must provide visual proof (paper or electronic copy) of their vaccination status to authorized NETC personnel at the Housing Desk, Building C-West.

Student dress code policy while in class

It is your responsibility to use good judgment in selecting clothing that projects a professional image and is appropriate for both climate differences and classroom activities. NFA superintendents have the authority to make a determination that your clothing is inappropriate. If they do so, you will be required to change into more appropriate clothing before being allowed to continue class.

Department Uniform or Khaki style pants, Collared Shirts are highly recommended!
