W0166 – EMS Functions in ICS - In this 2-day course, students will practice use of the Incident Command System (ICS) in coordination with other public safety responders.

W0770 – Fire Investigation: First Responders -This 2-day course presents a basic overview of a fire investigation for the first responder. Students will review the basics of fire chemistry and develop an understanding of the role of the first responder in relation to fire suppression and fire investigation.

W0520 – Executive Skill Series: Leadership Within Communities. The objective of this 2-day course is to provide fire service authority figures with knowledge and skills that enable them to exercise leadership when confronting adaptive challenges presented by increasingly diverse internal and external communities.

W0602 – Shaping the Future – This 2-day course is designed to assist first- and second-level supervisors and Company Officers (COs) in developing knowledge and skills in contemporary approaches to organizational problem-solving.

W0722 – Health and Safety Program Manager – This 2-day course will provide fire and emergency medical services department personnel and other related emergency responders with the aptitudes and abilities necessary to manage the duties and responsibilities of the Health and Safety Program Manager (HSPM) within their respective organizations.
